	Product Specification	

Storage Conditions: For industrial packed product, it is recommended that this is stored under ambient conditions away from extremes of temperature and humidity. This product can be warmed gently (e.g. by using drum warmers) to make it flow better, but do not subject to excessive heating above as this may cause decomposition of the product.

Allergen Status: The product may contain SO₂ in excess of 10 mg/kg. This is as a result of carryover from the raw sugar it is made from.

GMO Status: This product is not derived from a genetically modified crop and does not contain GM materials as defined by European Commission Regulations (EC) 1829/2003 and (EC) 1830/2003.

Place of Production/ Packaging: This product is produced in the UK from raw cane sugar of non-UK Origin.

Origin of primary production: Cane sugar is non-UK origin (See Country of origin statement)

Religious certification: Kosher Pareve (non Passover), Halal
